# TABLE OF CONTENTS

A Participatory Development of a Web-based Communication Platform for Organizational Learning in a Government Department ..................................................... 1  
Thandi Mokoneni, Johnson Dehinbo & Kehinde Dehinbo, Tshwane University of Technology, South Africa

How Do Blogs and Wikis Support Social Constructivist Learning in Math ............... 11  
Rana Zein, Zayed University, United Arab Emirates

The John Milton Digital Library ......................................................................................... 21  
Dana Haugh, Queens College, United States

Cartography of Controversies about MOOCs ................................................................. 25  
Md. Saifuddin Khalid & Elsebeth Korsgaard Sorensen, Aalborg University, Denmark

E-portfolio Framework for Collecting and Using K-12 Student Learning Records with Tablet Devices ..................................................................................................................... 36  
Yasuhiko Morimoto, Tokyo Gakugei University, Japan; Kashio Suzuki, FCE Education inc., Japan

Digital Finger Painting: An Exploration of the Tablet Computer and its Artistic Implications .......................................................................................................................... 46  
Sarah Ackermann, University of Missouri, St. Louis, Switzerland

Educational Application for Mobile Devices in Elderly Health Care Area: the Experience of a Public University ................................................................. 53  
Ana Emilia Oliveira & Rômulo França, UNA-SUS/UFMA, Brazil; Marcia Rendeiro, UNA-SUS/UERJ, Brazil; Elza Bernardes, UNA-SUS/UFMA, Brazil; Paulo Dias, UNA-SUS/UERJ, Brazil; Fernanda Pereira, UNA-SUS/UFMA, Brazil

Educators, Students, CALL, the Web, the Created but Dictated Culture, Beyond Immersion: The Promised Formula for Better Survival? ............................................ 62  
Christine Sabieh, Notre Dame University, Lebanon

How Important Is It For Students To Know What Social Media Is To Use It? .......... 69  
Christine Sabieh, Notre Dame University, Lebanon

Social Media and Students: A Tool for Learning? .......................................................... 80  
Christine Sabieh, Notre Dame University, Lebanon

(In)formality in Social Media Discourse: The Case of Instructors and Students in Saudi Higher Education .............................................................................................................. 86  
Jamilah Alamri, University of Nottingham, United Kingdom
Native Student Technology in the Classroom: Exploring the Affordances of Twitter in Applying Critical Literacy to the English Curriculum ................................................................. 94
Joshua Kunnath, Rebecca Rocha & Arika Jackson, California State University - Fresno, United States; Glenn DeVoogd, California State University, Fresno, United States

The user experience within the web 2.0 context: a review supported on the perspective of situated cognition theory .............................................................................................. 98
Eurides Castro Jr, UNA-SUS/UFMA, Brazil; Rosane Obregon, Cassia Furtado & Ana Lucia Zandomeneghi, Federal University of Maranhão - UFMA, Brazil; Ana Emilia Oliveira, UNA-SUS/UFMA, Brazil

High Quality Lecture Recording with Minimal Bandwidth Requirements .............. 106
Eicke Godehardt & Thomas Gabel, Frankfurt University of Applied Sciences, Germany

Generation of learning paths in educational texts based on vocabulary co-occurrence networks in Wikipedia and randomness ................................................................. 119
Lauri Lahti, Aalto University School of Science, Finland, Finland

Factors that support and inhibit the use of Web 2.0 technology tools among faculty and students in higher education. ................................................................. 126
Reine Nyirenda, St. John's University, United States

Familiarity of Information and Records Management Students to Web 2.0 Tools: A Case Study on Blogs ................................................................. 128
Burcu Umut Zan, University of Karatekin, Turkey

Self-efficacy as a construct for understanding teachers and students’ engagement with Web 2.0 technologies ................................................................. 137
Tarek Zoubir, King's College London, United Kingdom

The Word Cloud Illustration of the Cognitive Structures of Teacher Candidates about Teaching Concept ................................................................. 143
Nuray Zan, University of Karatekin(Turkey), Turkey; Burcu Zan, Çankırı Karatekin U, Turkey

Assessment For LearningA Global Perspective for Education Transformation ................................................................. 152
Jon Price & Martina Roth, Intel Corporation, United States

A Classification Matrix of Examination Items to Promote Transformative Assessment ................................................................. 160
Mark McMahon, Edith Cowan University, Australia; Michael Garrett, Cinglevue International, Australia
