Invitation to Join

The Association for the Advancement of Computing in Education (AACE) is an international, non-profit educational organization. The Association's purpose is to advance the knowledge, theory, and quality of teaching and learning at all levels with information technology.

This purpose is accomplished through the encouragement of scholarly inquiry related to technology in education and the dissemination of research results and their applications through AACE sponsored publications, conferences, and other opportunities for professional growth.

AACE members have the opportunity to participate in topical and regional divisions/societies/chapters, high quality peer-reviewed publications, and conferences.

Join with fellow professionals from around the world to share knowledge and ideas on research, development, and applications in information technology and education. AACE’s membership includes researchers, developers, and practitioners in schools, colleges, and universities; administrators, policy decision-makers, professional trainers, adult educators, and other specialists in education, industry, and government with an interest in advancing knowledge and learning with information technology in education.

Membership Benefit Highlights

- Gain professional recognition by participating in AACE sponsored international conferences
- Enhance your knowledge and professional skills through interaction with colleagues from around the world
- Learn from colleagues’ research and studies by receiving AACE’s well-respected journals and books
- Receive a subscription to the Professional Member periodical AACE Journal [electronic]
- Receive discounts on multiple journal subscriptions, conference registration fees, and EdITLib Subscriptions.
- Access EdITLib-Education & Information Technology Digital Library, a valuable online resource that is fully searchable and covers 30+ years of academic journals and international conference proceedings.
- AACE Social Networking http://aace.org/networking

## AACE Journals

### Education & Information Technology Digital Library – Electronic

The EdITLib digital library is the only digital library dedicated to education and information technology. EdITLib is the premiere online resource for aggregated, peer-reviewed research on the latest developments and applications in Educational Technologies and E-Learning. Subscribe today to access 30,000+ articles and multimedia content covering 25+ years of advancements in IT in Education!

### Journal of Educational Multimedia & Hypermedia (JEMH)

**ISSN# 1055-8896**  
**Quarterly**  

The Journal of Educational Multimedia & Hypermedia is designed to provide a multidisciplinary forum to present and discuss research, development, and applications of multimedia and hypermedia in education. The main goal of the Journal is to contribute to the advancement of the theory and practice of learning and teaching using these powerful and promising technological tools that allow the integration of images, sound, text, and data.

### Journal of Interactive Learning Research (JILR)

**ISSN# 1093-023X**  
**Quarterly**  

The Journal of Interactive Learning Research’s published papers relate to the underlying theory, design, implementation, effectiveness, and impact on education and training of the following interactive learning environments: authoring systems, CALL, assessment systems, CBT, computer-mediated communications, collaborative learning, distributed learning environments, performance support systems, multimedia systems, simulations and games, intelligent agents on the Internet, intelligent tutoring systems, micro-worlds, and virtual reality-based learning systems.

### Journal of Technology and Teacher Education (JTATE)

**ISSN# 1059-7069**  
**Quarterly**  

A forum for the exchange of knowledge about the use of information technology in teacher education. Journal content covers preservice and inservice teacher education, graduate programs in areas such as curriculum and instruction, educational administration, staff development, instructional technology, and educational computing.

### Journal of Computers in Mathematics & Science Teaching (JCMST)

**ISSN# 0731-9258**  
**Quarterly**  

JCMST is the only periodical devoted specifically to using information technology in the teaching of mathematics and science. The Journal offers an in-depth forum for the exchange of information in the fields of science, mathematics, and computer science.

### AACE Journal – Electronic Journal

AACE’s member journal is the focal point to exchange information between disciplines, educational levels, and information technologies. Its purpose is to stimulate the growth of ideas and practical solutions which can contribute toward the improvement of education through information technology.

### International Journal on E-Learning (Corporate, Government, Healthcare, & Higher Education) (IJEL)

**ISSN# 1537-245**  
**Quarterly**  

IJEL serves as a forum to facilitate the international exchange of information on the current theory, research, development, and practice of E-Learning in education and training. This journal is designed for researchers, developers and practitioners in schools, colleges, and universities, administrators, policy decision-makers, professional trainers, adult educators, and other specialists in education, industry, and government.

### CITE – Electronic Journal

An electronic publication of the Society for Information Technology and Teacher Education (SITE), established as a multimedia, interactive electronic counterpart of the Journal of Technology and Teacher Education.

Return to: AACE, P.O. Box 1545, Chesapeake, VA 23327-1545 USA • 757-366-5606 • Fax: 703-997-8760 • E-mail: info@aace.org • www.aace.org
The exchange of ideas and experiences is essential to the advancement of the field and the professional growth of AACE members. AACE sponsors conferences each year where members learn about research, developments, and applications in their fields, have an opportunity to participate in papers, panels, poster demonstrations and workshops, and meet invited speakers.

February 12-14, 2014
An Online Conference

This conference, held annually, offers opportunities to share ideas and expertise on all topics related to the use of information technology in teacher education and instruction about information technology for all disciplines in preservice, inservice and graduate teacher education.

March 17-21, 2014
Jacksonville, Florida, USA

This conference, held annually, offers opportunities to share ideas and expertise on all topics related to the use of information technology in teacher education and instruction about information technology for all disciplines in preservice, inservice and graduate teacher education.
