

eLearning Centre- Häme Polytechnic

Leena Vainio, Häme Polytechnic, Finland; Kaisa Rissanen, Häme Polytechnic, Finland, Jusri de Vries, Häme Polytechnic, Finland; Pertti Puusaari, Häme Polytechnic, Finland; Jorma Saarinen, Häme Polytechnic, Finland, Lea Mustonen, Häme Polytechnic, Finland

eLearning today is the most important area of developing and training. In Häme Polytechnic eLearning is not only by offering courses on the Internet, it is totally new approach to combine technology, contents and skills in order to empower learners with a new ways of learning and grow. HAMK helps and provide support to enthusiastic staff and teachers in order to bring their new ideas of teaching into reality. This form of support includes technical and teacher training; financial; instructional design and development; and continuous research.
